Two Alarms.

The fire department was called out Tuesday afternoon to the junk yard of Max Munich on Eighth street where smoke from a fire built to burn insulation from wire caused some excited person to send in the alarm. There was no damage.

Tuesday night about 10 o'clock an oil house in the L. & N. yards near Vine street caught fire and was considerably damaged. After some delay the fire department responded to the call, but when they arrived on the scene the fire had been extinguished by the yard crew. The damage was very light.

Family Chloroformed and House Robbed.

Burglars entered the residence of Mr. Albert Wright Wednesday night and after chloroforming the family, ransacked the closets and presses and after securing a small sum of money and a watch helped themselves to a jar of preserves and some bread and departed.

The burglars effected an entrance to the house by prizing a screen in a window in the dining room, perhaps after administering the chloroform. The occupants of the house were not aroused by any sounds, although Mrs. Wright says that while in the stupor from the effects of the drug she heard dishes rattling in the dining room, but could not arouse herself.

The intruders took every precaution to avoid waking the sleepers, even after they had administered the chloroform. Out of the presses they took several pieces of clothing which were strewn about on the floor. Evidently it was the work of experts and they were in search of valuables.

From Mr. Wright' trousers they took about \$10 in money and a silver watch which was highly valued by the owner. Nothing else of value has been missed. Completing their search for valuables the burglars went into a press in the dining room where they secured a quart of preserves and some bread, and going to the back yard seated themselves under a grape harbor where they devoured most of the contents of the jar.

It is evident more than one was employed in the job as tracks were clearly visible beneath the grape harbor of two persons. The tracks led to the fence where they were lost to view, and it is supposed the burglars caught an outgoing train. Mr. Wright arose at 4 o'clock yesterday morning and after making an investigation reported the matter to the police.
